Great site David Thanks for the info on 5.25 production and photos. How many 5.25 oversea batteries installed during or after the war.? Where and how many 5.25 "guns were at each location. I am particularly interest in Singapore and Hong Kong post was coastal defenses. Do you have any info on post war coastal and anti aircraft defense in Singapore and Hong Kong? Also what location and how 5.25 were installed in England during and after the war. I found information showing the 7 -5.25 guns on Gibraltar & 6 Malta & 2 Pt Mosby and 2 at w/ Australia Leighton battery . The information is for my private study only
